<http://www.gspairport.com/>

77 mi from clinic

Charlotte Douglas International Airport (CLT)

<http://www.charmeck.org/Departments/Airport/home.htm>

119 mi from clinic

Car rentals:

Taxi service in Asheville is available on a very limited (and expensive) basis. Public transportation exists, but service is also limited and does not run often in the off-hours. You will need a vehicle to get around. All major car rental companies are represented in the area.
